Re: June 23rd, 2010 ICSA Communication

The Interagency Committee on Substance Abuse Prevention and Treatment held a meeting on June 16th to allocate the fiscal year 2011 budget and consider strategies to manage the treatment funds in the coming fiscal year. Please see the attached minutes.

Of note in the minutes is the committee approval to “re-instate state-funded transportation services to all populations in the treatment system eligible for this recovery support service effective July 1st, 2010.” BPA will work with the Idaho Department of Health and Welfare-Substance Use Disorders Bureau (IDHW-SUD) to formally implement the re-instatement of this service. BPA will communicate the reinstatement plan to the provider network in the near future.

Thank you,

BPA Provider Network Management
